

Editing the notice banner

- Go into the admin page and select “Custom CSS & JS

- Hover over the “Happy Our Specials” and select “EDIT”

- Edit ONLY the red lines according to the instructions

```

<script type="text/javascript">
1 // DO NOT EDIT BELOW -----
2 jQuery(document).ready(function( jQuery ){
3   var texts = Array(
4     // DO NOT EDIT ABOVE -----
5     // INTRUCTIONS: Edit the lines below here. One text per line. Make sure they start with a quote " and end with a quote ".
6     // If there is more than one line, all lines (except the last) need to have a comma , in the end.
7     "Specials now are are: Guinness $79/pint HH, $85/pint NH - Carlsberg $53/pint HH & $65/pint NH - Happy Hour is from 5-9pm - No Cover Charge",
8     "HK's Home Of The H2 Music Festival - June 26th thru July 3rd - The design contest for this years festival ends March 18th - Get your designs in soon!",
9     // DO NOT EDIT BELOW -----
10  );
11  var text = texts[Math.floor(Math.random()*texts.length)];
12  jQuery('.site-content-contain').before('<div style="text-align:center; border:1px solid red; margin: 10px; padding:5px;">' + text + '</div>');
13  });
14 // DO NOT EDIT ABOVE -----

```

The first line needs to be something like this:

"my first text"

If there is another line below that, the first and second line needs to be separated by a comma:

*"my fist text",
"my second "text"*

The last line is not allowed to have a comma! Also, there can be only 2 quotation marks in one line, one in the beginning and one in the end. So you CANNOT DO THAT:

"Tonight we have "NEW BAND" playing"

What you can do, is using single quotes '

"Tonight's special is beer!"
